Last updated 12 June 2018

The Amanacard Service, powered by the SecureAid platform, gives confidence to the senders of aid that the right people are receiving their financial support. This Privacy Policy applies to all cardholders who have a digital account with Amanacard and use the My Amana app (the "App").

When opening an account and using the card, we require your consent to obtain and process your personal data. The moment you start using the Amanacard, you confirm consent to share your personal data for secure processing and storage so that you can redeem the value loaded onto your account.

For the purpose of applicable data protection legislation (including but not limited to the General Data Protection Regulation (Regulation (EU) 2016/679) (the "GDPR"), the company responsible for your personal data is Huozhi Ltd of Somerset House, Strand, London, WC2R 1LA, United Kingdom ("Huozhi", "us" or "we").

This Privacy Policy explains what we do with your personal data. It describes how we collect, use and process your personal data, and how, in doing so, we comply with our legal obligations to you. We are deeply committed to protecting and safeguarding your data privacy and rights.

WHAT

- **What information do we receive about you from third parties?**

- Type of vulnerability in the household
- Residence type
- Income
- Marital status

- **What is the nature of the data that we will be collecting about you?**

We will collect information about the transactions processed using your Amanacard, and convert this to anonymised statistical data for reporting purposes and settlement of the debt owing to merchants who process your cash pay-out or goods purchase.

- **How long will we hold this data for?**

We hold data for the minimum duration necessary to enable you or your household to receive assistance. We delete all personal data at the close of your use of the service, and will only retain a copy of the data for the following reasons:

- compliance with Applicable Laws or Applicable Policies;
- continuing right to store or use such data pursuant to another agreement with you or third parties – for example, you may wish to retain a record of your financial activity and thus build a transaction history.

HOW

- **How will we collect the data?**

We will receive information securely from the organisation that is providing you with assistance. (Please refer to that organisation's guidance.)

- **How will we use the data itself, and if it discloses it to third parties, what is the basis on which it would do so?**

We will collect and store your information so that we can provide you with a digital Amana account, and any necessary related services. We believe that it is within our legitimate interests to do so.

We share personal data with partner organisations where this is necessary in relation to the purpose for which the data was obtained, and covered by a data sharing agreement.

When sharing data, we ensure that it complies with the United Kingdom's Information Commissioner Office (ICO)'s anonymisation code of practice to withhold any detailed information that could allow individuals to be identified: <https://ico.org.uk/>.

WHERE

- **Where will we hold this data and, consequently, where will it be accessible from?**

We hold this data on servers hosted in the European Union. It will only be accessible by authorised personnel in the United Kingdom, and a minimum level of information (full name and date of birth) is accessible temporarily when we meet you in person to issue your Personal Identification Number ("PIN") or Household Identification Number ("HIN").

RIGHTS

- **How can you exercise your rights under the legislation?**

You have the right to know what information we hold about you and process on your behalf, and you also have the right to ask for it to be rectified, or for it to be erased (except in cases listed in paragraph 3 of Art. 17 GDPR). If you have an Amana account and would like to contact us about your information, please contact us at: contact@huozhi.org. We will respond within 30 calendar days of receiving your enquiry.

By providing us with your mobile number, we can make you aware of any changes to this policy and contact information.
